Saint Petersburg State University

24th International School-Conference

Spinus 2027

«Magnetic resonance and its applications»

19 — 23 April, 2027

Saint Petersburg, Russia

http://spinus.spb.ru

First announcement

INVITATION

Welcome to the 24th International School-Conference “Magnetic Resonance and its Applications (Spinus 2027)” organized by Saint Petersburg State University from April 19 to April 23, 2027. The goal of “Spinus” is to provide a forum for young scientists to discuss the use of all aspects of magnetic resonance methods and techniques, as well as computational and theoretical approaches, for the solving of fundamental and applied problems in physics, chemistry, medicine and biology. The official language of the “Spinus 2027” is English.

SCOPE

The scope of the “Spinus” Conference includes the following topics:

- Modern trends in NMR, ESR and NQR
- Magnetic resonance for fundamental science
- Magnetic resonance imaging
- Computer modeling in magnetic resonance
- NMR in the Earth magnetic field
- Magnetic resonance for industry
- Related phenomena

CONFERENCE FORMAT

The conference will be held in person format. Online participation in the conference (oral presentation only) will be organized for foreign participants, who will not be able to participate in-person, and for Russian participants under exceptional circumstances.

APPLICATION FOR SPINUS 2027

The application for "Spinus 2027" is available on the website https://spinus.spb.ru. Participant should create an account, fill in a profile, and apply for "Spinus 2027". Accounts created for "Spinus"-2018, …, 2026 are kept, participant should use his/her account, check the profile, and apply for "Spinus 2027".

CONFERENCE FEE

The conference fee is 20 000 ₽ for active participants, 10 000 ₽ for young scientists (students and Ph.D. students) and accompanying persons. For Russian citizens (their participation is supported by Russian funds) conference fees are 10 000 ₽ and 5 000 ₽, respectively. Participation in the online format for foreign participants is free of charge. For listeners (i.e. without publication of materials) and accompanying persons the conference fee is 5 000 ₽. Conference fee includes organization costs, visa support, conference materials, welcome party, coffee breaks.

ABSTRACT, PROCEEDINGS, AND PAPER SUBMISSION

Since 2026 the conference materials may be published in three versions:

Abstracts (mandatory) must not contain figures, tables, or formulas and can be up to 350 words. The abstracts will be compiled into the book of abstracts and will be available at the conference website of Spinus conference. The abstract template can be downloaded from the Spinus website: https://spinus.spb.ru/. The submission deadline is **February 1, 2027**.

Conference proceedings (optional, peer reviewed) are published as the journal "Magnetic Resonance and Its Applications. Spinus" included in the Russian Science

Citation Index (RSCI). The conference proceedings paper should be of 2-4 pages including tables and figures in MS Word format according to the conference template. They should be uploaded to the Spinus website until **March 1, 2027**. The Conference proceedings template is available on the Spinus website https://spinus.spb.ru/. All accepted proceedings will be published in the journal and indexed by www.elibrary.ru and Google Scholar.

Papers in the Special Issue of the journal "Applied Magnetic Resonance" (optional). Participants may submit manuscripts to the special issue via the website http://www.springer.com/materials/journal/723. The manuscript must be prepared in accordance to journal's Submission guidelines. The journal is included in the Russian White List (K3), and indexed by Scopus (Q3) and Web of Science. Deadline is **May 31, 2027**.

AWARDS

The organizing committee has established a prize fund for the promotion of the best oral (**30 000** ₽) and poster (**15 000** ₽) presentations among students and Ph.D. students.

LOCATION

This year, Spinus Conference will take place at Mikhailovskaya Dacha Campus (https://gsom.spbu.ru/en/students/campus/gsom_campus/) near to the Petergof Palace (https://en.wikipedia.org/wiki/Peterhof_Palace).

The organizing committee possesses the ability to reserve rooms with some discount at Alexandria Hotel (for all participants, https://aleksandria-petergof.ru/). Costs and options will be clarified in early 2027.

Participants also have the opportunity to find another hotel by themselves. For instance, the nearest hotel is the SPA Hotel Grand Peterhof (https://grand-petergof-spa.ru).

ADVISORY BOARD

Chairman

V.I. Chizhik	Professor, Saint-Petersburg State University, Russia

Members

Yu. M. Bunkov	Professor, Russian Quantum Center, Russia
C. Cabal	Senior researcher, Cuban Neuroscience Center, Cuba
S. V. Dvinskikh	Professor, Royal Institute of Technology, Stockholm, Sweden
L. Yu. Grunin	Associate Professor, CEO, Resonance Systems, Russia
D. I. Kolokolov	Senior Researcher, Novosibirsk State University, Russia
Yu. A. Pirogov	Professor, Moscow State University, Russia
W. S. Price	Professor, Western Sydney University, Australia
B. Rameev	Professor, Gebze Technical University, Turkey
M. G. Shelyapina	Professor, St. Petersburg State University, St. Petersburg, Russia
M. S. Tagirov	Professor, Kazan Federal University, Russia
L. M. Varela	Professor, University Santiago de Compostela, Spain
B. Xia	Professor, Director of Beijing NMR Center, Peking University

ORGANIZING COMMITTEE

Chairman: Prof., Dr. Sci. Denis Markelov

Vice-chairwoman: Dr. Sci. Nadezhda Sheveleva

Committee members:

Dr. Valeriy Bezrodnyi
Dr. Andrey Egorov
Dr. Andrey Komolkin
Dr. Pavel Kupriyanov
M. Sci. Kirill Nerinovsky
M. Sci. Timofey Popov
Dr. Oleg Shavykin
Dr. Konstantin Tyutyukin
M. Sci. Milosh Ubovich

CONTACTS

Prof. Denis Markelov, M. Sci. Amina Muratova
